## Sur En – our village

Anyone that has been to Sur En is familiar with the peace and quiet of this idyllic spot.

*A few impressions*

## Val D'Uina (the Uina – Gorge)

If it is an adventurous walk you are keen on, the hiking trail into the Uina-Gorge, much loved by mountain-bikers, begins right at Sur En. A romantic climb through a wild forest leads you to the Alp, an inviting place to relax over refreshments. Or continue on upwards through the magnificent gorge following the fascinating path cut into the rock.

## Sent- Our Community

Sur En is politically affiliated to the community of Sent. This picturesque town lies high above Sur En, a few minutes drive by car. Walking up to Sent from Sur En takes a little longer, but the return trip is certainly less strenuous and very pretty.

## Ramosch – Our Neighbouring Village

After leaving Sur En in the direction of the Swiss/Austrian border, you will find Ramosch. Apart from a typical Engadine atmosphere, this charming village offers undisturbed nature – a perfect environment for cycling and hiking. Wander around the village or take a leisurely climb up to “Tschanüff” – the ruins of Ramosch's castle.

## Scuol – Tarasp - Vulpera

Only six kilometres from Sur En and well-known for its exceptional spa and baths is Scuol: the hub of the Lower-Engadine.

Apart from offering a wide variety of sporting opportunities, Scuol also offers a fascinating – and hilly! – Golf Course in Vulpera. Even if Handicap, Hole in One, Albatross, Birdie, Bogey etc. means nothing to you, the course is certainly a sight to see and is well worth the visit!

Situated above Scuol is the picturesque village of Tarasp with its monumental castle. Down next to the River Inn are the world-renowned mineral springs. A trip to Tarasp is not to be missed.

Another fascinating aspect is the Piz Lischana (the Lischana Mountain), at the foot of which you can find not only mushrooms, but also a variety of rare plants.
